ORGANISERS

Agroecology Europe

Agroecology Europe is an international non-profit organization which aims to analyse, design, develop and promote the transition towards agroecology-based farming and food systems in Europe and throughout the world. It intends to place agroecology high on the European agenda of sustainable development of farming and food systems. It intends to foster interactions between actors in science, practice and social movements, by facilitating knowledge sharing and action.

www.agroecology-europe.org

Red de Ciudades por la Agroecología

It is an association formed by local entities of the Spanish state. Its aim is to generate a dynamic between local entities in order to build local, environmentally friendly, sustainable, inclusive, resilient, safe and diversified food systems that ensure healthy, sustainable and accessible food for the whole population, and that promote local employment, in line with the perspectives of agroecology and food sovereignty.

VENUE

NAU BOSTIK

Carrer de Ferran Turné 1-11, 08027 Barcelona

Our Forum will be held at Nau Bostik, a former glue factory, which is a reference point of cultural activities taking place in the neighbourhood of La Sagrera.

With the intention of covering the need for social and cultural dynamization in the neighbourhood, Nau Bostik aims to be a platform for the dissemination of information and knowledge, with diversity and sustainability as its guiding principles.
