

8ème International Workshop on Anthocyanins

OBJECTIFS

The purpose of this request is to support the organization of the next international congress on anthocyanins (IWA 2015), for which UMR SPO is responsible. The organization of IWA2015 in Montpellier will allow scientists to present their most recent work on anthocyanins and, more specifically, the Agropolis Fondation scientific community to strengthen its visibility on this topic and reinforce its international network.
