

# Ad hoc support : Microbioccitanie

## MicrobiOccitania Congress 2019

### ABSTRACT

The main objective of the MicrobioOccitanie 2019 conference is to promote exchanges and collaborations between actors in the field of Microbiology in Occitanie, whether from the public or private sector. This conference is aimed at all members of the scientific community working on topics related to microbiology (Health, Agrosiences, Environment, Biotechnologies), leaving a large part to young researchers, and involving students from the University of Montpellier.

**Keywords :** 1. Exclu de la photothèque

**Year :** 2018

**Project number :** 1800-017

**Type of funding :** SP

**Project type :** PC

**Research units in the network :** QUALISUD SPO BGPI-PHIM LBE

**Start date :** 2018-11-26

**End date :** 2019-06-30

**Flagship project :** no

**Project leader :** Anne-sophie Gosselin-Grenet

**Project leader's institution :** INRA-INRAE

**Project leader's RU :** DGIMI

**Budget allocated :** 2970 €

**Total budget allocated ( including co-financing) :** 2970 €

**Funding :** Labex
