## CoEx

### ABSTRACT

The support of Agropolis for the setting up of the CoEx flagship project allowed the organisation of a 2-day workshop with the majority of French and African partners. A total of 34 people from 11 different organisations (research bodies, universities and farmers' organisations, international organisations) from France and 3 West African countries participated.

The meeting was divided into 4 parts: the first one consisted in discussing the objectives and the general structure. The second one worked on the scientific outlines and field partnerships of WP2. The third one defined the outlines of CoEx WP1 and WP3 and the last one aimed at planning the agenda for the writing of the final project.
