

Ad hoc support

Ecological Sustainability: Engineering Change

ABSTRACT

Support to the organisation of the Ecosummit 2016 congress and more specifically to some sessions dedicated to "Agronomy and sustainable development" themes (3 sessions):

- Soil C a double-win for food security and climate mitigation in low input agriculture: lessons from temperate and tropical regions

Southern guest: Prof Tantely Razafimbelo (Madagascar)

Northern guest: P. Smith (UK)

Student: Ezzo Magamana (Togo)

Understanding the links between soil diversity and soil ecosystem services to inform sustainable soil practices and Sustainable Agriculture

Enrique de la Montana (Ecuador)

- When and how should we intervene to regenerate, restore, or conserve ecosystems? and Sustainable Agriculture

Southern guests: Juan Camilo Villegas Palacio (Colombia)

- Ecosystem Services

Southern guest: Guillermo Angeles (Mexico)

Year : 2016

Project number : 1600-007

Type of funding : SP

Project type : PC

Research units in the network : ECO&SOLS

Start date : 2016-02-24

End date : 2016-09-19

Flagship project : no

Project leader : Alexia Stokes

Project leader's institution : INRA-INRAE

Project leader's RU : AMAP

Budget allocated : 15000 €

Total budget allocated (including co-financing) : 15000 €

Funding : Labex
