

Ad hoc support : AgroNet

Agro-Ecology Network in Southeast Asia

ABSTRACT

The proposed action will have three objectives centred around the animation of the network that is being built around the JEAI HealthyRice:

Federate the researchers of our Agropolis community on the theme of agro-ecology. To create a workshop at the experimental site in Cambodia where our actions will take place in 2019 To communicate from the creation of the IYOR by setting up a website including photo and video media, and creating brochures explaining our actions, which will be distributed within the Agropolis network and partner networks

Year : 2019

Project number : 1900-011

Type of funding : SP

Project type : PC

Research units in the network : AIDA ECO&SOLS

Start date : 2019-02-01

End date : 2019-05-30

Flagship project : no

Project leader : Stéphane Bellafiore

Project leader's institution : IRD

Project leader's RU : IPME-PHIM

Budget allocated : 5000 €

Total budget allocated (including co-financing) : 24536 €

Funding : Labex
